TECH RIDER PORTRAIT XO SOLO LIVE

Artist provides:

- mic
- laptop
- USB hub
- ROLI midi controller
- AKAI 25 midi keyboard
- AKAI APC mini
- 49-KEY MIDI keyboard
- In-ear monitoring
- Babyface RME PRO FS interface

Please see stage plot for further setup info.

Venue provides:

- 1.30m high DJ booth table (ca 1,5 x 0,7m)
- 2 keyboard stands
- 2 XLR cables out from interface
- 1 XLR cable for microphone
- 2 microphone stands with boom arm / angled
- 1 TRS cable (for analog sound box)
- Secondary mic (for talking connected directly to FoH)
- Analog mixer
- Power strip and adaptors depending on country norms

NOT MANDATORY BUT OPTIMAL:

- Projector + HDMI cable (long enough to reach me onstage directly to laptop)
 - Depending on the venue, wedge or ear-level monitors
 - Wireless microphone with transmitter and receiver to send separate vocals to FOH.
 - Record performance with voice + rest of audio separately.
 - Artist will use 2nd microphone connected to Ableton for additional vocals + FX
- => please confirm if wireless mic is able to be provided as it impacts the performance
